RECOMMEND:

Matt & Patti Snow surpassed my expectations 1,000,000%. Our group was only 10 people celebrating my brother's 80th birthday. Matt & Patti created memories that will last forever. We didn't want their show to end. Whether my next event is 10 people or 100,000 people I would ask Matt & Patti to return without hesitation. Matt's impersonations of Frank Sinatra, Dean Martin and even Jerry Lewis were amazing. Patti works the room in a warm and wonderful manner that makes everyone feel comfortable and excited in anticipation of what might happen next. You have no reason to shop around or hesitate in your decision. If you want the best, then select Matt & Patti Snow.

Matt,

GigMasters only gave me 675 characters, and that was not nearly enough to explain how happy everyone was with the entertainment provided by Patti and yourself. You both surpassed my expectations 1,000,000%. You could easily see for yourself that our little group was very impressed, and having a fantastic time in the process. If anyone ever needs a personal recommendation before booking your show feel free to send them my direction at any time.

Sincerely,

Speed
