## **Wonderful Performance for Cocktail/Dinner Hour**

I hired Matt to come in and perform for the cocktail and dinner hours during my reception for roughly 2.5 hours. Being the bride, I unfortunately wasn't able to see his performance until we sat down for dinner but when I did it was just great. Matt's voice is soothing and he is well practiced in the Sinatra and Rat Pack greats. Not only that, he took special requests from me including Christmas songs due to the timing of our wedding and our first dance 'Can't Help Falling in Love' by Elvis. Before the wedding we conversed numerous times and he constructed a very detailed timeline for us during the period in which he would be singing. Not only that, he acted as our MC during this timeframe, announcing the bridal party reintroduction, first dance, cake cutting, etc. He was charming in between songs and kept the crowd engaged which helped so much with the late dinner and the plates coming out slower than expected. Both sides of our family were overly delighted with his performance, seemingly one of their most enjoyable parts of the night. The anniversary dance he organized was really something special as it got the older folks up and on the dancefloor which really made them feel apart of the night. Matt was very personable, punctual, well dressed in his tuxedo and most importantly, entertaining, a true showman. I would 100% hire again.
